**AGREEMENT BETWEEN
THE GOVERNMENT OF THE PEOPLE'S REPUBLIC OF
BANGLADESH
AND
THE GOVERNMENT OF THE REPUBLIC OF MALDIVES**

**FOR THE ELIMINATION OF DOUBLE TAXATION WITH RESPECT
TO TAXES ON INCOME AND THE PREVENTION OF TAX EVASION
AND AVOIDANCE**

The Government of the People's Republic of Bangladesh and the Government of the Republic of Maldives,

Desiring to further develop economic relationship between both States and to enhance co-operation in tax matters,

Intending to conclude an Agreement for the elimination of double taxation with respect to taxes on income without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in this Agreement for the indirect benefit of residents of third States),

Have agreed as follows:

ARTICLE 1

PERSONS COVERED

This Agreement shall apply to persons who are residents of one or both of the Contracting States.

ARTICLE 2

TAXES COVERED

1. This Agreement shall apply to taxes on income imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.
2. There shall be regarded as taxes on income, all taxes imposed on total income, or on elements of income, including taxes on gains from the alienation of movable or immovable property, taxes on the total amounts of wages or salaries paid by enterprises.
3. The existing taxes to which the Agreement shall apply are:
 - a) in the case of Maldives,
the income tax (hereinafter referred to as “Maldives tax”);
 - b) in the case of Bangladesh,
the income tax, including any surcharge on income or income tax (hereinafter referred to as “Bangladesh tax”).
4. The Agreement shall apply also to any identical or substantially similar taxes that are imposed under the laws of a Contracting State after the date of signature of the Agreement in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes that have been made in their respective taxation laws.

ARTICLE 3**GENERAL DEFINITIONS**

1. For the purposes of this Agreement, unless the context otherwise requires:
 - a) the term “Maldives” means the Republic of Maldives, and when used in a geographical sense, it means the territory of the Maldives and includes its territorial sea, continental shelf, sea-bed, sub-soil (and their natural resources) and airspace, as well as any maritime zone in which the Maldives has sovereign rights, other rights and jurisdiction, according to the law of the Maldives and in accordance with international law, including the United Nations Agreement on the Law of the Sea;
 - b) the term "Bangladesh" means all the territory of the People's Republic of Bangladesh and includes the territorial sea and airspace above it, as well as any other maritime zone in which the People's Republic of Bangladesh has sovereign rights, other rights and jurisdiction, according to Bangladesh Law and in accordance with international law, including the UN Convention on the Law of the Sea;
 - c) the term “company” means any body corporate or any entity that is treated as a body corporate for tax purposes;
 - d) the term “competent authority” means:
 - (i) in the case of Maldives, the Maldives Inland Revenue Authority or its authorized representative;
 - (ii) in the case of Bangladesh, the National Board of Revenue or its authorized representative;
 - e) the terms “a Contracting State” and “the other Contracting State” mean the Maldives or Bangladesh, as the context requires;
 - f) the terms “enterprise of a Contracting State” and “enterprise of the other Contracting State” mean respectively an enterprise carried on by a resident of a Contracting State and an enterprise carried on by a resident of the other Contracting State;

- g) the term “international traffic” means any transport by a ship or aircraft operated by an enterprise of a Contracting State that has its place of effective management in a Contracting State, except when the ship or aircraft is operated solely between places in the other Contracting State;
- h) the term “national”, in relation to a Contracting State means:
- (i) any individual possessing the nationality or citizenship of that Contracting State; and
- (ii) any legal person, partnership or association or other entity deriving its status as such from the laws in force in that Contracting State;
- i) the term “person” includes an individual, a company, a partnership, a trust and any other body of persons or other taxable entity;
- j) the term “tax” means Maldives tax or Bangladesh tax, as the context requires.
2. As regards the application of the Agreement at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Agreement applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

ARTICLE 4

RESIDENT

1. For the purposes of this Agreement the term "resident of a Contracting State" means any person who under the laws of that Contracting State, is liable to tax therein by reason of his domicile, residence, place of incorporation, place of management or any other criterion of a similar nature and also includes that State and any political subdivision or local authority, or a statutory body established under the Act of Parliament thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:
 - a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him, if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);
 - b) if the State in which he has his centre of vital interests cannot be determined or if he has not a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has a habitual abode;
 - c) if he has a habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;
 - d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.
3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which its place of effective management is situated.

ARTICLE 5

PERMANENT ESTABLISHMENT

1. For the purposes of this Agreement, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term “permanent establishment” includes especially:

-
- a) a place of management;
 - b) a branch;
 - c) an office;
 - d) a factory;
 - e) a workshop;
 - f) a warehouse, in relation to a person providing storage facilities for others;
 - g) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources;
 - h) a sales outlet; and
 - i) a farm, plantation or other place where agriculture, forestry, plantation, or related activities are carried on.
3. The term “permanent establishment” also encompasses:
- a) a building site or a construction, assembly or installation project or supervisory activities in connection therewith, including an offshore drilling rig or ship used for the exploration of natural resources but only where such site, project or activities continue for a period or periods aggregating more than 183 days within any twelve-month period;
 - b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by the enterprise for such purpose, but only if activities of that nature continue (for the same or connected project) within a Contracting State for a period or periods aggregating more than 183 days within any twelve-month period.
4. Notwithstanding the preceding provisions of this Article, the term “permanent establishment” shall be deemed not to include:

-
- a) the use of facilities solely for the purpose of storage or display of goods or merchandise belonging to the enterprise;
 - b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage or display;
 - c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
 - d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or of collecting information, for the enterprise;
 - e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity;
 - f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (e):

provided that such activity or, in the case of subparagraph (f), the overall activity of the fixed place of business, is of a preparatory or auxiliary character.

5. Paragraph 4 shall not apply to a fixed place of business that is used or maintained by an enterprise if the same enterprise or a closely related enterprise carried on business activities at the same place or at another place in the same Contracting State and
 - a) that place or other place constitutes a permanent establishment for the enterprise or the closely related enterprise under the provisions of this Article, or
 - b) the overall activity resulting from the combination of the activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, is not of a preparatory or auxiliary character:

provided that the business activities carried on by the two enterprises at the same place, or by the same enterprise or close related enterprises at the two places, constitute complementary functions that are part of a cohesive business operation.

6. For the purposes of paragraph 5, an enterprise is closely related to another enterprise if, based on all the relevant facts and circumstances, one has control of the other or both are under the control of the same persons or enterprises. In any case, an enterprise shall be considered to be closely related to another enterprise if one enterprise possesses directly or indirectly more than 50 percent of the beneficial interest in the other enterprise.
7. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 9 applies - is acting in a Contracting State on behalf of an enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State in respect of any activities which that person undertakes for the enterprise, if such a person:
 - a) has and habitually exercises in that State an authority to negotiate or conclude contracts in the name of the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph; or
 - b) has no such authority, but habitually maintains in the first-mentioned State a stock of goods or merchandise from which he regularly delivers goods or merchandise on behalf of the enterprise.
8. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to re-insurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 9 applies.
9. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that State through a broker, general commission

agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly, directly or indirectly, on behalf of that enterprise, and conditions are made or imposed between that enterprise and the agent in their commercial and financial relations which differ from those which would have been made between independent enterprises, he will not be considered an agent of an independent status within the meaning of this paragraph.

10. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture, forestry or fishing) situated in the other Contracting State may be taxed in that other State.
2. The term “immovable property” shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture, forestry or fishing and rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to explore for or exploit natural resources or standing timber, and rights to variable or fixed payments as consideration for the working of, or the right work, mineral deposits, quarries, sources and other natural resources. Ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7

BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State, but only so much of them as is attributable to:
 - a) that permanent establishment;
 - b) sales in the other state of goods or merchandise of the same or similar kind as those sold through that permanent establishment; or
 - c) other business activities carried on in the other state of the same or similar kind as those effected through that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses allowable under the domestic law which are incurred for the purposes of the business of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees, or other similar payments in return for the use of patents, know-how, or other rights, or by way of commission or other charges, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken in the determination of the profits of a permanent establishment, for such payments, charged by the permanent establishment to the head office of the enterprise or any of its other offices.
4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, or on the basis of such other method as may be prescribed by the laws of that State, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment or other method; the method adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

SHIPPING AND AIR TRANSPORT

1. Profits of an enterprise of a Contracting State from the operation of aircraft in international traffic shall be taxable only in that State.
2. Profits of an enterprise of a Contracting State derived in the other Contracting State from the operation of ships in international traffic may be taxed in the other Contracting State, but the tax so charged shall be reduced by an amount equal to fifty per cent thereof.
3. The provisions of paragraph 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

ARTICLE 9

ASSOCIATED ENTERPRISES

1. Where
 - a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
 - b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and for this purpose the competent authorities of the Contracting States shall, if necessary, consult each other.
3. The provisions of paragraph 2 shall not apply where judicial, administrative or other legal proceedings have resulted in a final ruling that by actions giving rise to an adjustment of profits under paragraph 1, one of the enterprises concerned is liable to penalty with respect to fraud, gross negligence or wilful default.

ARTICLE 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:
 - a) 10 percent of the gross amount of the dividends if the beneficial owner is a company which holds directly at least 10 percent of the capital of the company paying the dividends throughout a 365 day period that includes the day of the payment of the dividend (for the purpose of computing that period, no account shall be taken of changes of ownership that would directly result from a corporate reorganisation, such as a merger or divisive reorganisation, of the company that holds the shares or that pays the dividend);

b) 15 percent of the gross amount of the dividends in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term “dividends” as used in this Article means income from shares, “jouissance” shares or “jouissance” rights, mining shares, founders’ shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the taxation laws of the State of which the company making the distribution is a resident.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated in that other Contracting State, or performs in that other Contracting State independent personal services from a fixed base situated in that other Contracting State, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company’s undistributed profits to a tax on the company’s undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

ARTICLE 11**INTEREST**

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.
3. Notwithstanding the provisions of paragraph 2 of this Article, interest arising in a Contracting State is exempt from tax in that State, if it is paid:
 - a) in the case of Maldives:
 - (i) to the Government of the Republic of Maldives;
 - (ii) to the Maldives Monetary Authority;
 - (iii) to any other institution as may be agreed from time to time between the competent authorities of the Contracting States;
 - b) In the case of Bangladesh:
 - (i) to the Government of the People's Republic of Bangladesh;
 - (ii) to the Bangladesh Bank;
 - (iii) to any other institution as may be agreed from time to time between the competent authorities of the Contracting States.
4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular,

income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, as well as other income treated as income from money lent by the taxation laws of the Contracting State in which the income arises. However, penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with (a) such permanent establishment or fixed base, or with (b) business activities referred to in (c) of paragraph 1 of Article 7. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.
6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

ARTICLE 12**ROYALTIES AND FEES FOR TECHNICAL SERVICES**

1. Royalties and fees for technical services arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However,
 - a) such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 10 percent of the gross amount of the royalties;
 - b) notwithstanding the provisions of Article 14 and subject to the provisions of Articles 8, 16 and 17, fees for technical services arising in a Contracting State may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the fees is a resident of the other Contracting State, the tax so charged shall not exceed 10 percent of the gross amount of the fees.
3. The term “royalties” as used in this Article means payments of any kind received as a consideration for or derived from—
 - a) the use of, or the right to use,
 - (i) any copyrights, software, patent, designs or models, plans, secret processes of formulae, trademarks or other like property or rights;
 - (ii) tapes for radio or television broadcasting, motion pictures films, films, or video tapes or other means of reproduction;
 - (iii) know-how or information concerning technical, industrial, commercial or scientific knowledge, experience or skill;

-
- (iv) industrial, commercial or scientific equipment (including ships, aircraft and containers),
 - (v) visual images or sounds, or both, in connection with television broadcasting, transmitted by –
 - (A) satellite; or
 - (B) cable, fibre optic or similar technology; or
 - (vi) some or all part of the radiofrequency spectrum specified in a relevant licence;
- b) the reception of, or the right to receive, visual images or sounds, or both, transmitted to the public by:—
- (i) satellite; or
 - (ii) cable, fibre optic or similar technology;
4. The term “fees for technical services” as used in this Article means payments of any kind to any person, other than those mentioned in Article 15 of this Agreement, as consideration for services of a managerial, technical or consultancy nature, including the provision of services of technical or other personnel.
5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties or fees for technical services, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties or fees for technical services arise, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed based situated therein, and the right or property in respect of which the royalties or fees for technical services are paid is effectively connected with (a) such permanent establishment or fixed base, or with (b) business activities referred to in (c) of paragraph 1 of Article 7. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Royalties and fees for technical services shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties or fees for technical services, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or fixed base in connection with which the liability to pay the royalties or fees for technical services was incurred and such royalties or fees for technical services are borne by such permanent establishment or fixed base, then such royalties or fees for technical services, as the case may be, shall be deemed to arise in the State in which the permanent establishment is situated.
7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties or fees for technical services, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

ARTICLE 13

CAPITAL GAINS

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.
2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

3. Gains derived by an enterprise of a Contracting State from the alienation of ships or aircraft operated by such enterprise in international traffic or of movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that State.
4. Gains derived by a resident of a Contracting State from the alienation of shares or comparable interests in a company, partnership or trust, may be taxed in the other Contracting State if, at any time during the 365 days preceding the alienation, these shares or comparable interests derived more than 50 percent of their value directly or indirectly from immovable property situated in the other Contracting State.
5. Gains from the alienation of any property, other than that referred to in paragraphs 1, 2, 3 and 4, shall be taxable only in the Contracting State of which the alienator is a resident.

ARTICLE 14

INDEPENDENT PERSONAL SERVICES

1. Income derived by an individual who is a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that Contracting State except in the following circumstances, when such income may also be taxed in the other Contracting State:
 - a) if he has a fixed base regularly available to him in that other Contracting State for the purpose of performing his activities in that case only so much of the income as is attributable to that fixed base may be taxed in that other Contracting State; or
 - b) if his stay in the other Contracting State is for a period or periods amounting to or exceeding in the aggregate 183 days in any 12 month period commencing or ending in the fiscal year concerned; in that case only so much of the income as is derived from his activities performed in that other Contracting State may be taxed in that other Contracting State.
2. The term “professional services” includes especially independent scientific, literary, artistic, educational or any other similar activities of an independent nature but does not include technical services referred to in Article 12.

ARTICLE 15**DEPENDENT PERSONAL SERVICES**

1. Subject to the provisions of Articles 16, 18, 19, 20 and 21 salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived there from may be taxed in that other State.
2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:
 - a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the taxable period concerned;
 - b) the remuneration is paid by or on behalf of, an employer who is not a resident of the other State; and
 - c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other Contracting State in the same circumstances, in particular with respect to residence, are or may be subjected. 4. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 7 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.
5. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of those States, present a case to either competent authority of the Contracting State. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.
3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.
4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

ARTICLE 27

EXCHANGE OF INFORMATION

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Agreement or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Agreement. The exchange of information is not restricted by Articles 1 and 2.
2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorises such use.
3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:
 - a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
 - b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

-
- c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy (*order public*).
4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.
5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.
6. The competent authorities shall, through consultation, develop appropriate methods and techniques concerning the matters in respect of which exchanges of information under paragraph 1 shall be made.
